ACTIVITY II

REPORT ON

**INDIAN KNOWLEDGE SYSTEM CONDUCTED BY VAIKHARI
CENTRE THROUGH DIFFERENT TEACHING DEPARTMENTS**

Introduction

Vaikhari Centre propagates the Indigenous Knowledge System and Kerala Heritage through different teaching departments. Departments of the college conducted seminars in the area.

Sanskrit is closely related to the wisdom of Indian traditional knowledge systems. More Sanskrit language and literature can also correlate with the modern systems of education to some extent. Hence, the education policies of modern India have to amalgamate with the Indian knowledge systems of education and make them auxiliary to each other. Incorporating this method into higher education can build a new Indian young talent with a powerful and potential historical background and with a distinctive individual perspective of our nation.

The Department of Sanskrit has to exert enthusiasm in propagating the Indian traditional wisdom of education and accomplishing the modern system of education through it. The academic and non-academic initiatives of the Department mainly concentrate on improvising the inner pathways of Indian tradition and its relevance in modern times.

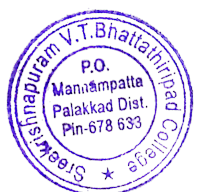

Every year, the Academic activities are treasuring the nuances of IKS, the mission of SVTB College, and catering the syllabus to the student community. The activities related to IKS in the academic sphere are given below.
