UNIVERSITY OF CALICUT
B.Com Professional Honours Programme
2024-25 ADMISSION ONWARDS
(CUFYUGP Regulations 2024)

Preface

B.Com Professional Honours Programme offers a broad and versatile curriculum encompassing various facets of Commerce, including accounting, finance, regulations, marketing, management, entrepreneurship, and more. This versatility equips Commerce graduates with a diverse skill set that is highly relevant across different industries and business sectors. B.Com Professional graduates can explore diverse career avenues in fields such as banking, finance, accounting, taxation, consulting, marketing, human resources, international trade etc. The B.Com Professional degree serves as a foundation for entry-level positions and provides a pathway for career advancement and specialization through further education or professional certifications in Finance and Accounting like CA, CMA, ACCA, CMA US, CPA, CIMA and so on. This Programme nurtures a Professional mindset and encourages students to explore the possibilities of pursuing Professional qualifications in Finance and Accounting. Commerce Graduates are equipped with the knowledge and skills needed to start and manage their own businesses, contribute to economic growth, and drive innovation in various industries. By embracing Outcome-Based Education (OBE) principles, the B.Com Professional Honours Programmes can elevate their educational efficacy, relevance, and impact, effectively preparing students for successful careers in the dynamic field of Commerce.

Features of B.Com Professional Honours Programme

1. The B.Com Professional Honours Programme encompasses interdisciplinary subjects within Commerce, integrating courses in Accounting, Finance, Taxation, Law, Management, Marketing, Human Resources, Statistics, Artificial Intelligence and Business Analytics, Entrepreneurship, and more.
2. Each course in the four year B.Com. Professional Programme is meticulously designed to facilitate experiential learning across various domains within Commerce.
3. Flexibility is a key feature of the four year B.Com. Professional Programme, allowing students to customize their curriculum by selecting minor and elective courses aligned with their career aspirations and personal interests.
4. Major courses in the Programme are carefully chosen to provide comprehensive theoretical knowledge and practical exposure essential for studying Commerce as a separate discipline.

5. The minor courses in Commerce are tailored to address the unique requirements of undergraduate Commerce students while also offering students from other disciplines the opportunity to explore and incorporate Commerce into their academic pursuits.
6. The skill enhancement courses within the Commerce curriculum are designed to develop the practical skills of Commerce students, ensuring their applicability in real-world scenarios and enhancing their employability.
7. Practical exercises are incorporated into each course unit to complement textbook-based theoretical learning, ensuring students gain hands-on experience and practical skills.
8. The B.Com Professional Honours Programme serves as a robust foundation for students pursuing further education at the postgraduate level, including M.Com., MBA, and professional Programmes such as CA, CS, ACCA, CMA, CPA, CIMA among others.
9. B.Com. Professional Honours with research Programmes culminate in an honours project, allowing students to showcase their mastery of the subject matter and contribute original insights to the field of Commerce.

Minor Programmes

The minor courses in Commerce are designed to address the unique requirements of undergraduate Commerce students while also offering students from other disciplines the opportunity to explore and incorporate Commerce into their academic pursuits. Minor programs in Commerce often blend diverse fields of study, offering students a unique and holistic perspective on complex commercial matters. These interdisciplinary minor programs not only complement a student's primary Commerce major but also enrich their understanding of interconnected business dynamics. For instance, a minor in marketing seamlessly supplements a Commerce major by delving into consumer behaviour and advertising techniques. Similarly, pairing a major in commerce with a minor in entrepreneurship provides a dynamic synergy, equipping students with not only a robust understanding of business fundamentals but also the innovative mindset and practical skills needed to navigate the complexities of modern entrepreneurship. Such interdisciplinary exposure equips graduates with a versatile skill set that appeals to employers seeking well-rounded professionals. This diversified knowledge not only broadens career horizons but also enhances job market competitiveness. By pursuing specialized interdisciplinary minors, students enhance their expertise in Commerce while exploring distinct facets of related disciplines. This multifaceted approach prepares graduates to navigate the complexities of modern business environments with confidence and adaptability, ultimately fostering their professional growth and success.

Under the Commerce umbrella, various Minor Programs offer unique academic pathways, each with its own distinct identity:

1. Entrepreneurship Minor Program
2. Professional Accounting Minor Program
3. Financial Mastery Minor Program
4. Marketing Minor Program
5. Business Analytics and Intelligence Minor Program
6. Vocational Minor in Tourism Management

The following minor programs **are distinct from Commerce major disciplines**. A brief outline of various minor programs offered is given below:

1. Entrepreneurship Minor Program

In the ever-changing economic environment of today, entrepreneurship stands as a key driver of innovation, economic expansion, and the creation of job opportunities. Understanding the significance of instilling an entrepreneurial mindset in students, a comprehensive minor program in entrepreneurship is structured into two streams: A1, Entrepreneurial Finance, and A2, Entrepreneurial Leadership. This program provides students with vital knowledge and skills essential for success in the realm of entrepreneurship. Highly relevant in the context of the modern economy, where innovation and agility are key drivers of success, the minor in entrepreneurship equips students with a solid understanding of entrepreneurship

fundamentals, accounting and finance principles, financial strategies for start-ups, entrepreneurial marketing, leadership, and project management. Emphasizing practical application, the program offers projects and case studies that provide valuable insights into the challenges and opportunities associated with starting and managing a business venture. This practical exposure enhances students' problem-solving skills and instills confidence in their ability to apply theoretical concepts in real-life scenarios. Upon completion of the program, students are prepared to embark on their entrepreneurial journey, equipped with the necessary tools and knowledge to launch their own start-up or join an existing entrepreneurial venture. The entrepreneurship minor program also serves as a stepping stone for students interested in pursuing further studies in the field of entrepreneurship. Graduates can opt for specialized master's programs such as M.Com in Entrepreneurship or MBA in Entrepreneurship to deepen their understanding and expertise. Moreover, the program opens up avenues for research in the field of entrepreneurship, enabling students to explore emerging trends, innovative business models, and best practices.

2. Professional Accounting Minor Program

A comprehensive minor program in Professional Accounting is offered, aimed at providing students with vital skills and knowledge necessary for a thriving career in accounting and finance. Split into two groups, B1: Financial Reporting and B2: Cost and Management Accounting, this program establishes a strong footing in accounting principles, financial reporting standards, cost analysis, and management methodologies. The courses within this program are designed to align with a range of professional certifications, including Chartered Accountancy (CA), Company Secretary (CS), Cost and Management Accountancy (CMA), Association of Chartered Certified Accountants (ACCA), and others, providing students with a solid academic foundation and preparing them for challenging exams and practical components of various professional certifications. In today's competitive job market, the program enhances students' employability by equipping them with practical knowledge and hands-on experience in financial reporting, cost analysis, and management accounting. Through case studies, projects, and assignments, students gain practical insights into the application of accounting principles and techniques in business settings, fostering critical thinking and problem-solving skills essential for success in the accounting profession.

3. Financial Mastery Minor Program

The Financial Mastery minor program is tailored to empower students with the necessary knowledge and skills to excel in the swiftly evolving convergence of finance and technology. It offers a holistic grasp of financial markets, essential investment principles, personal financial planning, contemporary banking practices, life insurance fundamentals, and the transformative impact of FINTECH. In today's digital age, the financial industry is experiencing a profound transformation propelled by technological innovation. This program's significance lies in its ability to cater to students from diverse academic backgrounds, including commerce and other allied disciplines, preparing them for careers not only in finance but also in technology or entrepreneurship. Regardless of their career path, students gain valuable insights and practical skills that are relevant across diverse industries. Moreover, this minor program serves as an excellent foundation for those intending to pursue advanced studies in finance or related fields like financial technology, business analytics, or entrepreneurship.

4. Marketing Minor Program

The Marketing minor program is designed to empower students with vital skills and knowledge essential for success in the dynamic realm of marketing and brand management. It offers a thorough comprehension of marketing basics, consumer behavior, digital marketing tactics, advertising, sales promotion, brand establishment, and logistics management. Open to students from diverse academic backgrounds, including commerce and other streams, its interdisciplinary nature enhances adaptability and prepares students for a wide range of career opportunities. Emphasizing practical experience, the program incorporates projects, case studies, and marketing games, providing valuable real-world exposure and enhancing students' employability with a competitive edge in the job market. Moreover, it serves as a strong foundation for postgraduate studies in commerce, management, or related fields, offering pathways to specialized master's programs like Master of Commerce (M.Com) in Marketing or Master of Business Administration (MBA) with a marketing focus. Additionally, it creates opportunities for further research in the field of marketing, catering to students interested in pursuing academic or industry-driven research initiatives.

5. Business analytics and Intelligence Minor program

The Business Analytics minor program aims to prepare students for success in the data-driven business realm by providing them with an in-depth understanding of crucial statistical concepts, data analytics techniques, business intelligence tools, and decision-making processes. In response to the growing industry demand for data-driven insights, this program equips students with the analytical skills and technical knowledge necessary to extract actionable insights from complex datasets, meeting the needs of businesses across various sectors in today's digital age. By emphasizing practical skills and hands-on experience through projects and case studies, the program enhances students' employability, making them attractive candidates for employers seeking individuals with strong analytical and problem-solving abilities. Additionally, it lays a strong foundation for further studies in business analytics or related areas within the commerce field, providing students with the essential skills and knowledge to excel in advanced academic and research pursuits.

6. Vocational Minor in Tourism Management

The vocational minor program in Tourism Management offers a comprehensive curriculum meticulously designed to meet the distinctive requirements of the local and global tourism industry. Covering a wide array of competencies including guest relations, event management, revenue management, and marketing strategies, the program focuses on advanced skills development, fostering the acquisition of a versatile skill set crucial for proficient hospitality management. Graduates of this program are not only prepared for dynamic career opportunities within Kerala's vibrant tourism sector but also primed for pursuing further studies and research in the field.

- (i). Students in the Single Major Pathway can choose course (s) from any of the Minor or Vocational Minor groups offered by a discipline other than their Major discipline.
- (ii). Students in the Major with Multiple Disciplines pathway can choose all three courses from any one of the Minor or Vocational Minor groups offered by a discipline other than their Major discipline as one of their multiple disciplines. If a Commerce student selects a Minor or Vocational Minor group offered by the Commerce department as the first of their multiple disciplines, their second discipline must be a Minor or Vocational Minor group from a different department. If students choose a Minor or Vocational Minor group from the Commerce department, the title of that group will be the title of the multiple disciplines. For example, if a Commerce

Major student selects Group A1 of the Commerce department's Minor group among the multiple disciplines, the program will be titled B.Com Honours with Entrepreneurial Finance, along with the title of the second chosen group.

(iii). Students in the Major with Minor pathway can choose all the courses from any two Minor groups offered by a discipline other than their Major discipline. Students on a major with a minor pathway can choose all courses from two minor groups within a specific minor program offered by the Commerce Department. B.Com Professional Honours students have the option to select minor courses specifically offered by the Commerce Department. The minor programs offered by the Commerce teaching departments are multidisciplinary in nature and have a distinct academic identity separate from the Commerce major. If a student selects two minor groups within the same minor program offered by the Commerce teaching department, the title of the minor program will be one of the following options: *(A) Entrepreneurship, (B) Professional Accounting, (C) Financial Mastery, (D) Marketing, or (E) Business Analytics and Intelligence.*

(iv). Students in the Major with Vocational Minor pathway can choose all the courses from any two Vocational Minor groups offered by a discipline other than their Major discipline. If the students choose any two Vocational Minor groups in Commerce as given above, then the title of the Vocational Minor will be the combined group name of Vocational Minor Programme. For example, *(F) Tourism Management.*

6. INTERNSHIP: GUIDELINES & PROCEDURES

6.1 Introduction

The internship Programme for B.Com Professional Honours students is a vital component of the curriculum designed to provide practical exposure and experiential learning opportunities to complement the theoretical knowledge acquired during their academic studies. This Programme serves as a bridge between the classroom and the professional world, offering students a chance to gain hands-on experience in a real-world business environment. The internship experience will augment outcome based learning process and inculcate various attributes in a student in line with the graduate attributes defined by the University. It's essential for B.Com Professional students to explore a variety of internship opportunities to gain diverse experiences, develop relevant skills, and explore different career paths within the commerce field.

6.2 The following are the objectives of Internship in B.Com Honours Programme:

1. Practical Application: Internships provide students with the opportunity to apply theoretical knowledge gained in their commerce studies to real-world business situations. This hands-on experience helps students understand how concepts learned in the classroom are applied in actual business settings.

2. Industry Exposure: Internships expose students to different sectors within the commerce discipline, such as banking, consulting, retail, e-commerce, and more. This exposure helps students gain insights into various career paths and industries, allowing them to make informed decisions about their future careers.

3. Skill Development: Internships offer opportunities for students to develop and enhance essential skills relevant to the commerce discipline, including financial analysis, data interpretation, market research, strategic planning, communication, and teamwork. These skills are crucial for success in the competitive business environment.

4. Personal Growth: Internships offer opportunities for personal growth and development. Students often face new challenges and responsibilities during their internships, which help them, build confidence, resilience, and adaptability all essential qualities for success in the business world.

5. Career Exploration: Internships allow students to explore different career paths within the commerce discipline and gain a better understanding of their interests, strengths, and preferences. By working in various roles and industries, students can discover where their passions lie and make informed decisions about their future careers.

6.3 Students shall be provided with opportunities for internships with industries, business organizations, Chartered accountants, Cost Accountants, Company Secretaries, GST Practitioners, marketing firms, banks, investment firms, co-operatives, other financial institutions, insurance companies, hospitality industry, e-commerce firms, accounting firms, tax firms, consultancy organizations, government departments and agencies, NGOs, non-profit organizations, charitable institutions, academic research centers, media houses, advertising agencies, entertainment companies, startups and entrepreneurial ventures, professional associations, industry organizations etc. The opportunities for internships for students are not limited to the examples provided. In fact, there are numerous other sectors and specific organizations where B.Com Professional students can find valuable internship experiences. These opportunities will enable the students to actively engage in the practical aspects of their learning and to improve their employability. This internship is expected to provide the students elements of experiential learning pertaining to Commerce.

6.4. Internship, Apprenticeship, etc. may require **sixty hours** of engagement for acquiring two credits.

6.5 The Internship carries 50 marks with 2 credits. The internship shall be completed before the commencement of Sixth Semester Class. Summer vacations and other holidays can be used for completing the Internship. A faculty member/ scientist/ instructor of the respective institution, where the student does the Internship, should be the supervisor of the Internship. The credits and marks for the Internship will be awarded only at the end of semester Six.

6.6. Guidelines for Report Submission

- 6.6.1 The students shall submit periodic working reports through online to the Faculty Guide in the Department. Faculty Guides are required to submit brief report to the Head of the Department specifically showing whether the learning outcome through Internship is satisfactory / not satisfactory.
- 6.6.2 The students are required to submit a soft copy of draft report of Internship to the Faculty Guide within the stipulated date. Faculty Guide, after corrections and suggested changes, shall direct the students to submit the hard copy of the report in the prescribed format.
- 6.6.3 The Internship Report shall be typed in “Times New Roman” font by using 12 font size with 1.5 spacing. All chapter headings shall be in font size 14 in bold. All main headings shall be in font size 12 in bold and all sub-headings are to be in 12 font size.
- 6.6.4 Students must regularly have contacts with both the Internship Supervisor at the Internship Organization and the Faculty in charge on any matter related to their Internship.
- 6.6.5 Students must submit the Internship Report at the end of the Internship as per the schedule of the Department.

- 6.6.6 Students must maintain the Internship Diary by recording daily activities related to their practical experience. The Internship Diary must be produced to the Internship Coordinator for inspection weekly through online mode and submitted to the Department within one week from the end of the Internship.
- 6.6.7 Students must submit the Internship Report based on the work experience that they have gained through the Internship Programme at least two weeks prior to the schedule date of their Presentation and Viva.
- 6.6.8 Students must present themselves for the Presentation and Viva as notified by the Department.

6.6.9 The student must write a final report stating the general experience that she/he obtains during the Internship Programme and any specific knowledge and achievement made. The Internship Report should be submitted to the Department at the end of the Internship Programme. There is no specific format for the report but it should comprise of the following items.

6.6.10 Ensure that interns receive an internship certificate from the organization upon completion of the internship Programme.

6.7. Evaluation of Internship

6.7.1 The evaluation of internship shall be done internally through continuous assessment mode by a committee internally constituted by the Department Council.

6.8 Participation in an Institute/Industry Visit or Study Tour is mandatory for completing the Internship Component of the B.Com Professional Honours Programme. This involves visiting at least one nationally recognized institute, business organization, industrial site, or any other significant location pertinent to Commerce Education. A concise report detailing the study tour, accompanied by photos and analysis, must be submitted thereafter. The department council has the authority to grant exemptions to eligible students from participating in the study tour Programme based on valid reasons. In such instances, alternative project work may be assigned to these students for evaluation purposes.

7. Optional Project (For Honours Programme Only): Guidelines and Procedures

7.1 Introduction

The inclusion of a Project in a B.Com Professional Honours Programme is essential for nurturing critical thinking, research skills, problem-solving abilities, and preparing students for future academic and professional endeavors. It serves as a cornerstone of academic excellence and contributes to the holistic development of students as Professionals, scholars and future leaders in the field of commerce. Projects require students to critically analyze information, identify gaps in existing knowledge, and develop logical arguments. Engaging in project work fosters critical thinking skills, which are essential for success in both academic and professional contexts. In B.Com Professional Honours Programme, the student has the option to do a Project of 12-credits instead of three Core Courses in Major in semester Eight. The Project in Honours Programme can be a short research work or an extended internship or a skill-based training Programme. There should be minimum 13 hrs./week of engagement (the hours corresponding to the three core courses in Major in semester Eight) from the teacher in the guidance of the Project(s) in Honours Programme.

7.2 Objectives of Project work:

1. To develop students' research skills such as formulating research questions, conducting literature reviews, designing research methodologies, collecting and analyzing data, and drawing valid conclusions.
2. To enhance students' critical thinking abilities. Through engaging in research, students learn to evaluate information critically, identify gaps in existing knowledge, and assess the validity and reliability of research findings.
3. To provide students with an opportunity to apply theoretical knowledge gained in their course to real-world research problems.
4. To develop students' communication skills, both oral and written. Students are required to effectively communicate their research findings through presentations, reports, and academic papers.
5. To encourage analytical skills by challenging students to analyze problems from multiple perspectives, evaluate alternative solutions, and make evidence-based decisions.
6. To come up with creative solutions to real-world problems or challenges faced by businesses. This fosters innovation and encourages students to think outside the box.

7.3 The following are the guidelines and procedures for the project work

- 7.3.1 It can be guided by any faculty member of the department. It can be done at the same institution or at any other HEI/ research centre. A faculty member of the respective institution, where the student does the Project, should be the supervisor of the Project.
- 7.3.2 The project proposal, the supervisor, and the institution where the student will undertake the project should be approved in advance by the department council.
- 7.3.3 Each student has to undertake a Project individually under the supervision of a teacher and submit the same following the guidelines stated below:
- 7.3.4 For the project, the student may choose any topic areas from the subjects they studied.
- 7.3.5 The candidate shall prepare and submit a project report to the Department.
- 7.3.6 The report shall be in the English Language, printed or typed (A4 size paper, 1.5 line spacing, Times New Roman font, font size 14), and spiral-bound. The project report may range from 1500 to 3000 words, depending on the complexity of the project and the depth of analysis required. The project report should be submitted to the Head of the Department one week before the last working day of the eighth semester, duly certified by the Guide.
- 7.3.7 Project work shall have the following stages:
- A. Project proposal presentation
 - B. Fieldwork and data analysis
 - C. Report writing
 - D. Draft project report presentation
 - E. Final project report submission
- 7.3.8 The supervisor shall keep a diary in which the chronological record of the student's visit to the supervisor for the project discussions shall be maintained. The work of each student shall be guided by one faculty member.
- 7.3.9 The candidate shall prepare at least two copies of the report; one copy for submission to the Department and another copy for the student which they have to bring with them at the time of viva voce. More copies may be prepared if the organization or the guide or both ask for.

- 7.3.10 A certificate showing the duration of the project work shall be obtained from the supervising teacher or from the organization for which the project work was done, and it shall be included in the project report.
- 7.3.11 The project report shall be subject to internal and external evaluation. Internal evaluation shall be carried out by the supervising teacher, and external evaluation is done jointly by the internal examiner and the external examiners appointed by the University inclusive of Viva-voce examination.
- 7.3.12 Submission of the Project Report and presence of the student for viva are compulsory for internal evaluation. No marks shall be awarded to a candidate if they fail to submit the Project Report for external evaluation.
- 7.3.13 The student should get a minimum of 40 % marks in the aggregate and 40% separately for external for pass in the project.
- 7.3.14 There shall be no improvement chance for the Marks obtained in the Project Report.
- 7.3.15 In the event of failing to obtain a minimum of 40% marks, students may redo the project work and resubmit the report along with subsequent exams through the department, following the existing rules of the University examinations.
- 7.3.16 The students shall submit periodic working reports to the Faculty Supervisors in the Institution. Periodic reviews and discussions are compulsory, and Faculty Supervisors are required to submit a brief report to the Head of the Department.
- 7.3.17 The students are required to submit a soft copy of the draft Project Report to the Faculty Supervisor before the cut-off date. Faculty Supervisors, after corrections and suggested changes, shall direct the candidates to submit the Report in the prescribed format.
- 7.3.18 The evaluation of the Report and Presentation shall be based on the criteria given in the evaluation format.

8. Research Project (For Honours with Research Programme Only): Guidelines and Procedures

8.1 Introduction

Students aspiring to pursue a research career may opt for the Honours with Research stream in the fourth year. A four-year B.Com Professional Degree (Honours with Research) in the Major Commerce shall be awarded to those who complete the CUFYUGP with a specific number of courses totalling 177 credits, including 12 credits from a mandatory graduate research project/dissertation in their Major Commerce discipline. In the case of B.Com Professional Degree (Honours with Research), in semester VIII, the student should earn 12 credits from a mandatory Research Project in the Major Commerce /allied discipline, guided by a faculty member with a Ph.D., at a recognized research centre of the University/any other university/higher educational institution or at a centre prior-approved by the University. In this case, one of the three courses (for the additional 12 credits) should be in research methodology. The approved research centres of this University or any other university/higher educational institution (HEI) can offer the B.Com Professional Honours with Research Programme. There should be minimum 360 hrs. of engagement from the student in the Project work in Honours with Research Programme

8.2 Expected Outcomes of Research Project:

1. **Enhanced Research Skills:** Through the process of conducting a research project, students develop and enhance their research skills, including formulating research questions, conducting literature reviews, designing research methodologies, collecting and analyzing data, and drawing valid conclusions.
2. **Critical Thinking Abilities:** Engaging in research requires students to critically evaluate information, identify gaps in existing knowledge, and assess the validity and reliability of research findings. As a result, students develop and refine their critical thinking abilities.
3. **Application of Theoretical Knowledge:** Research projects provide students with an opportunity to apply theoretical knowledge gained in their coursework to real-world research problems. This helps reinforce their understanding of key concepts and theories in commerce and related fields.
4. **Communication Skills:** Students are often required to communicate their research findings effectively through presentations, reports, and academic papers. Engaging in a research project helps students develop both oral and written communication skills.
5. **Analytical Skills:** Research projects challenge students to analyze problems from multiple perspectives, evaluate alternative solutions, and make evidence-based decisions. This fosters the development of analytical skills that are valuable in both academic and professional contexts.
6. **Creative Problem-Solving:** Students are encouraged to come up with creative solutions to real-world problems or challenges faced by businesses. This fosters innovation and encourages students to think outside the box.
7. **Professional Development:** Successfully completing a research project in a B.Com Honours Programme demonstrates a student's ability to independently plan, execute, and report on a research study. This can enhance their resume and prepare them for future academic and professional endeavors.

8. Contribution to Knowledge: Depending on the scope and nature of the research project, students may contribute new insights or knowledge to their field of study. This can be particularly valuable for students considering further studies or careers in academia.

8.3 Detailed Guidelines and Procedures for the Research Project:

8.3.1 Students who secure 75% marks and above (equivalently, CGPA 7.5 and above) cumulatively in the first six semesters are eligible to get selected to Honours with Research stream in the fourth year. A relaxation of 5% in marks (equivalently, a relaxation of 0.5 grade in CGPA) is allowed for those belonging to SC/ST/OBC (non-creamy layer)/ Differently-abled/ Economically Weaker Section (EWS)/ other categories of candidates as per the decision of the UGC from time to time. A faculty member of the University/College with a Ph.D. degree can supervise the research project of the students who have opted for Honours with Research. One such faculty member can supervise a maximum of five students in the Honours with Research stream in Commerce.

8.3.2 The maximum intake of the department for Honours with Research Programme is fixed by the department based on the number of faculty members eligible for project supervision, and other academic, research, and infrastructural facilities available. If a greater number of eligible students are opting for the Honours with Research Programme than the number of available seats, then the allotment shall be based on the existing rules of reservations and merits. The project proposal, the supervisor, and the institution where the student will undertake the project should be approved in advance by the department council.

8.3.3 In the case of a student enrolled in the B.Com Professional Degree (Honours) or B.Com Professional Degree (Honours with Research) Programme, who opts to conduct their project at another institution where B.Com Professional (Honours) or (Honours with Research) is offered during semester VIII, they have the option to select all three courses (for an additional 12 credits) as online courses from the approved collection of online courses listed in these guidelines. Additionally, such a student may choose to complete some or all of these three courses in person at the institution where they are conducting their project, provided that the institution allows it.

8.3.4 Each student has to undertake a Project individually under the supervision of a teacher and submit the same following the guidelines stated below:

8.3.5 For the Research project, the student may choose any topic areas belonging to Commerce or an allied discipline.

8.3.6 Students shall appear before the Department Council once every month to make a presentation of the progress of his/her work for evaluation and further guidance, and a progress report to be submitted to the Department.

8.3.7 The student shall make a pre-submission presentation of the research report in the Department. The pre-submission presentation shall be open to all faculty members and honours with research students, and the feedback and comments obtained from the participants may be suitably incorporated.

8.3.8 Research students are encouraged to publish research findings in approved journals. The publication of research findings is not mandatory.

8.3.9 The project report submitted for viva shall contain an undertaking from the research scholar and a certificate from the Research Supervisor attesting to the originality of the work.

8.3.10 The candidate shall prepare at least two copies of the Research report: one copy for submission to the Department and another copy for the student, which they have to bring with

them at the time of viva voce. More copies may be prepared if the organization or the guide or both ask for.

8.3.11 The students shall submit periodic working reports to the Faculty Supervisors in the Institution. Periodic reviews and discussions are compulsory, and Faculty Supervisors are required to submit a brief report to the Head of the Department.

8.3.12 The students are required to submit a soft copy of the draft Project Report to the Faculty Supervisor before the cut-off date notified by the department. Faculty Supervisors, after corrections and suggested changes, shall direct the candidates to submit the final report in the prescribed format.

8.3.13 The project report shall be subject to internal and external evaluation. Internal evaluation shall be carried out by the supervising teacher, and external evaluation is done jointly by the internal examiner and the external examiner (an approved research supervisor) appointed by the University, inclusive of Viva-voce examination. Presentation is also required.

8.3.14 Submission of the Project Report and presence of the student for viva are compulsory for internal evaluation. No marks shall be awarded to a candidate if they fail to submit the Project Report for external evaluation.

8.3.15 The student should get a minimum of 40% marks in the aggregate and 40% separately for external for a pass in the project.

8.3.16 There shall be no improvement chance for the marks obtained in the Research Project Report.

8.3.17 In the event of failing to obtain a minimum of 40% marks, students may redo the research project work and resubmit the report along with subsequent exams through the department, following the existing rules of the University examinations.

8.3.18 The evaluation of the Report and Presentation shall be based on the criteria given in the evaluation format.

8.4 Evaluation of Research Project

| Components of Evaluation of Project | Weightage | Marks for the Research Project (Honours with Research) 12 Credits / 300 Marks |
|--|-----------|---|
| *Continuous evaluation of project work through interim presentations and reports by the committee internally constituted by the Department Council | 30% | 90 |
| **End-semester viva-voce examination to be conducted by the external examiner appointed by the university | 50% | 150 |

8.5. Additional guidelines for the Research Project:

1. Introduction and Overview:

- Provide an introduction to the research project, including its purpose and objectives.
- Outline the significance of the research topic within the field of commerce.
- Provide an overview of the structure of the research project.

2. Research Proposal:

- Develop a research proposal that outlines the research questions, objectives, methodology, and timeline for the project.
- Include a literature review that summarizes existing research relevant to the chosen topic.
- Specify the research methods and data collection techniques to be used.

3. Data Collection and Analysis:

- Collect data using appropriate methods such as surveys, interviews, observations, or secondary data analysis.
- Analyze the collected data using relevant statistical or qualitative analysis techniques.
- Ensure the accuracy and reliability of the data analysis process.

4. Report Writing:

- Prepare a comprehensive research report that includes sections such as:
 - Introduction
 - Literature review
 - Methodology
 - Results and findings
 - Discussion and analysis
 - Conclusion and recommendations
- Follow formatting guidelines for the report, including font size, spacing, and citation style.

5. Presentation:

- Prepare a presentation of the research project to be delivered to the department.
- Summarize the key findings, analysis, and conclusions of the research project.

6. Submission and Evaluation:

- Submit the research report and any accompanying materials according to the specified deadline.
- The research project may be subject to internal and external evaluation, including review by faculty members and external examiners.
- Evaluation criteria shall include the quality of the research proposal, methodology, data analysis, presentation, and overall contribution to knowledge in the field of commerce.

7. Finalization:

- Make any necessary revisions to the research report based on feedback from evaluators.

8. Finalize the research project and submit the final copy of the report.

9. Ethical Considerations:

- Adhere to ethical guidelines for conducting research.

10. Documentation and Acknowledgment:

- Include proper documentation of sources
- Follow citation guidelines to give credit to authors and sources appropriately.

9. EVALUATION SCHEME

1. The evaluation scheme for each course contains two parts: internal evaluation (about 30%) and external evaluation (about 70%). Each of the Major and Minor courses is of 4-credits. It is evaluated for 100 marks, out of which 30 marks is from internal evaluation and 70 marks, from external evaluation. Each of the General Foundation course is of 3-credits. It is evaluated for 75 marks, out of which 25 marks is from internal evaluation and 50 marks, from external evaluation.
2. The 4-credit courses (Major and Minor courses) are of two types: (i) courses with only theory and (ii) courses with 3-credit theory and 1-credit practicum.
 - In 4-credit courses with only theory component, out of the total 5 modules of the syllabus, one open-ended module with 20% content is designed by the faculty member teaching that course, and it is internally evaluated for 10 marks. The internal evaluation of the remaining 4 theory modules is for 20 marks.
 - In 4-credit courses with 3-credit theory and 1-credit practicum components, out of the total 5 modules of the syllabus, 4 modules are for theory and the fifth module is for Practicum. The Practicum component is internally evaluated for 20 marks. The internal evaluation of the 4 theory modules is for 10 marks.
3. All the 3-credit courses (General Foundational Courses) in Commerce are with only theory component. Out of the total 5 modules of the syllabus, one open-ended module with 20% content is designed by the faculty member teaching that course, and it is internally evaluated for 5 marks. The internal evaluation of the remaining 4 theory modules is for 20 marks.

| Sl. No. | Nature of the Course | | Internal Evaluation in Marks (about 30% of the total) | | External Exam on 4 modules (Marks) | Total Marks |
|---------|----------------------|--------------------------------|---|------------------------|------------------------------------|-------------|
| | | | Open-ended module / Practicum | On the other 4 modules | | |
| 1 | 4-credit course | only theory (5 modules) | 10 | 20 | 70 | 100 |
| 2 | 4-credit course | Theory (4 modules) + Practicum | 20 | 10 | 70 | 100 |
| 3 | 3-credit course | only theory (5 modules) | 5 | 20 | 50 | 75 |

1. MAJOR AND MINOR COURSES

1.1. INTERNAL EVALUATION OF THEORY COMPONENT

| Sl. No. | Components of Internal Evaluation of Theory Part of a Major / Minor Course | Internal Marks for the Theory Part of a Major / Minor Course of 4-credits | | | |
|---------|--|---|-------------------|--------------------|-----------|
| | | Theory Only | | Theory + Practicum | |
| | | 4 Theory Modules | Open-ended Module | 4 Theory Modules | Practicum |
| 1 | Test paper/ Mid-semester Exam | 10 | 4 | 5 | - |
| 2 | Seminar/ Viva/ Case Study | 6 | 4 | 3 | - |
| 3 | Assignment/Project | 4 | 2 | 2 | - |
| Total | | 20 | 10 | 10 | 20* |
| | | 30 | | 30 | |

* Refer the table in section 1.2 for the evaluation of Practicum component

1.2. EVALUATION OF PRACTICUM COMPONENT

The evaluation of Practicum component in Major and Minor courses is completely by internal evaluation.

- Continuous evaluation of Practicum by the teacher-in-charge shall carry a weightage of 50%.

- The end-semester Practicum examination and viva-voce, and the evaluation of Practicum records shall be conducted by the teacher in-charge and an internal examiner appointed by the Department Council.
- The process of continuous evaluation of Practicum courses shall be completed before 10 days from the commencement of the end-semester examination.
- Those who passed in continuous evaluation alone will be permitted to appear for the end-semester examination and viva-voce.

The scheme of continuous evaluation and the end-semester examination and viva-voce of Practicum component shall be as given below:

| Sl. No. | Evaluation of Practicum Component of Credit-1 in a Major / Minor Course | Marks for Practicum | Weightage |
|-------------|---|---------------------|-----------|
| 1 | Continuous evaluation of Practicum/ exercise performed in Practicum classes by the students | 10 | 50% |
| 2 | End-semester examination and viva-voce to be conducted by teacher-in-charge along with an additional examiner arranged internally by the Department Council | 7 | 35% |
| 3 | Evaluation of the Practicum records submitted for the end semester viva-voce examination by the teacher-in-charge and additional examiner | 3 | 15% |
| Total Marks | | 20 | |

1.3. EXTERNAL EVALUATION OF THEORY COMPONENT

External evaluation carries 70% marks. Examinations will be conducted at the end of each semester. Individual questions are evaluated in marks and the total marks are converted into grades by the University based on 10-point grading system (refer section 5)

PATTERN OF QUESTION PAPER FOR MAJOR AND MINOR COURSES

| Duration | Type | Total No. of Questions | No. of Questions to be Answered | Marks for Each Question | Ceiling of Marks |
|-------------|--------------------|------------------------|---------------------------------|-------------------------|------------------|
| 2 Hours | Short Answer | 10 | 8 – 10 | 3 | 24 |
| | Paragraph/ Problem | 8 | 6 – 8 | 6 | 36 |
| | Essay | 2 | 1 | 10 | 10 |
| Total Marks | | | | | 70 |

Question paper setters have the option to include case studies (specifically related to course of study) in the essay questions for both minor and major courses.

4. GENERAL FOUNDATION COURSES

- All the General Foundation Courses (3-credits) in Commerce are with only theory component.

4.1. INTERNAL EVALUATION

| Sl. No. | Components of Internal Evaluation of a General Foundation Course in Commerce | Internal Marks of a General Foundation Course of 3-credits in Commerce | |
|---------|--|--|-------------------|
| | | 4 Theory Modules | Open-ended Module |
| 1 | Test paper/ Mid-semester Exam | 10 | 2 |
| 2 | Seminar/ Viva/ Quiz | 6 | 2 |
| 3 | Assignment | 4 | 1 |
| Total | | 20 | 5 |
| | | 25 | |

4.2. EXTERNAL EVALUATION

External evaluation carries about 70% marks. Examinations will be conducted at the end of each semester. Individual questions are evaluated in marks and the total marks are converted into grades by the University based on 10-point grading system (refer section 5).

PATTERN OF QUESTION PAPER FOR GENERAL FOUNDATION COURSES

| Duration | Type | Total No. of Questions | No. of Questions to be Answered | Marks for Each Question | Ceiling of Marks |
|-------------|--------------------|------------------------|---------------------------------|-------------------------|------------------|
| 1.5 Hours | Short Answer | 10 | 8 – 10 | 2 | 16 |
| | Paragraph/ Problem | 5 | 4 – 5 | 6 | 24 |
| | Essay | 2 | 1 | 10 | 10 |
| Total Marks | | | | | 50 |

5.LETTER GRADES AND GRADE POINTS

- Mark system is followed for evaluating each question.
- For each course in the semester letter grade and grade point are introduced in 10-point indirect grading system as per guidelines given below.
- The Semester Grade Point Average (SGPA) is computed from the grades as a measure of the student's performance in a given semester.

- The Cumulative GPA (CGPA) is based on the grades in all courses taken after joining the Programme of study.
- Only the weighted grade point based on marks obtained shall be displayed on the grade card issued to the students.

LETTER GRADES AND GRADE POINTS

| Sl. No. | Percentage of Marks (Internal & External Put Together) | Description | Letter Grade | Grade Point | Range of Grade Points | Class |
|---------|---|---------------|--------------|-------------|-----------------------|------------------------------|
| 1 | 95% and above | Outstanding | O | 10 | 9.50 – 10 | First Class with Distinction |
| 2 | Above 85% and below 95% | Excellent | A+ | 9 | 8.50 – 9.49 | |
| 3 | 75% to below 85% | Very Good | A | 8 | 7.50 – 8.49 | |
| 4 | 65% to below 75% | Good | B+ | 7 | 6.50 – 7.49 | First Class |
| 5 | 55% to below 65% | Above Average | B | 6 | 5.50 – 6.49 | |
| 6 | 45% to below 55% | Average | C | 5 | 4.50 – 5.49 | Second Class |
| 7 | 35% to below 45% aggregate (internal and external put together) with a minimum of 30% in external valuation | Pass | P | 4 | 3.50 – 4.49 | Third Class |
| 8 | Below an aggregate of 35% or below 30% in external evaluation | Fail | F | 0 | 0 – 3.49 | Fail |
| 9 | Not attending the examination | Absent | Ab | 0 | 0 | Fail |

- When students take audit courses, they will be given Pass (P) or Fail (F) grade without any credits.
- The successful completion of all the courses and capstone components prescribed for the three-year or four-year Programme with 'P' grade shall be the minimum requirement for the award of B.COM PROFESSIONAL Degree or B.COM PROFESSIONAL Degree (Honours) or B.COM PROFESSIONAL Degree (Honours with Research), as the case may be.

5.1. COMPUTATION OF SGPA AND CGPA

- The following method shall be used to compute the Semester Grade Point Average (SGPA):

The SGPA equals the product of the number of credits (C_i) with the grade points (G_i) scored by a student in each course in a semester, summed over all the courses taken by a student in the semester, and then divided by the total number of credits of all the courses taken by the student in the semester,

$$\text{i.e. SGPA } (S_i) = \sum_i (C_i \times G_i) / \sum_i (C_i)$$

where C_i is the number of credits of the i^{th} course and G_i is the grade point scored by the student in the i^{th} course in the given semester. Credit Point of a course is the value obtained by multiplying the credit (C_i) of the course by the grade point (G_i) of the course.

$$SGPA = \frac{\sum \text{of the credit points of all the courses } \in \text{ a semester}}{\text{Total credits } \in \text{ that semester}}$$

ILLUSTRATION – COMPUTATION OF SGPA

| Semester | Course | Credit | Letter Grade | Grade point | Credit Point (Credit x Grade) |
|----------|----------|--------|--------------|-------------|----------------------------------|
| I | Course 1 | 3 | A | 8 | 3 x 8 = 24 |
| I | Course 2 | 4 | B+ | 7 | 4 x 7 = 28 |
| I | Course 3 | 3 | B | 6 | 3 x 6 = 18 |
| I | Course 4 | 3 | O | 10 | 3 x 10 = 30 |
| I | Course 5 | 3 | C | 5 | 3 x 5 = 15 |
| I | Course 6 | 4 | B | 6 | 4 x 6 = 24 |
| | Total | 20 | | | 139 |
| | SGPA | | | | 139/20 = 6.950 |

- The Cumulative Grade Point Average (CGPA) of the student shall be calculated at the end of a Programme. The CGPA of a student determines the overall academic level of the student in a Programme and is the criterion for ranking the students. CGPA for the three-year Programme in CUFYUGP shall be calculated by the following formula.

$$CGPA = \frac{\sum \text{of the credit points of all the courses } \in \text{ six semesters}}{\text{Total credits } \in \text{ six semesters (133)}}$$

CGPA for the four-year Programme in CUFYUGP shall be calculated by the following formula.

$$CGPA = \frac{\sum \text{of the credit points of all the courses} \in \text{eight semesters}}{\text{Total credits} \in \text{eight semesters} (177)}$$

- The SGPA and CGPA shall be rounded off to three decimal points and reported in the transcripts.
- Based on the above letter grades, grade points, SGPA and CGPA, the University shall issue the transcript for each semester and a consolidated transcript indicating the performance in all semesters.
- All courses, including major, minor, vocational minor, multidisciplinary, skill enhancement, and value-added courses (only for double major programme) offered within the commerce discipline, shall be taught by faculty members specializing in Commerce.

Comprehensive Syllabi: Various Courses

Note: In the syllabus of a course with only theory component, there can be five modules. Out of these, one module of 20% content of the syllabus should be left as open-ended. Only a broad outline of the content of this module is given. The detailed content of this module can be decided by the individual instructor who teaches this module, and its evaluation can be completely done in the continuous assessment mode at the college. This module will not be included in the end-semester examination. The open-ended module in theory is not included in the course with practical / practicum component. In such courses a part of the practical / practicum component should have the open-ended nature. The syllabus of the open-ended module in each course shall be prepared by the faculty member teaching that course in an academic year, and it shall be prior-approved by the Department Council before it is taught in the class. A copy of the syllabus should be filed at the department, and it shall be submitted, if instructed by the University.

Section C

[Answer any one. Each question carries 10 marks] (1x10= 10 marks)

9. You're managing a small department with three subordinates: Yogesh, Pawan, and Kapil. Here's a quick look at each:

Yogesh: He's hard to understand, often absent, and values family over work. The company's incentives don't motivate him much, seeing his job as merely a means to support his family's basic needs.

Pawan: Unlike Yogesh, he's loyal to the company and follows its rules and compensation schemes. However, he lacks creativity and assertiveness, impacting his ability to sell himself to other departments or top management.

Kapil: He's assertive and motivated by money. He works hard but expects the company to reciprocate. He's driven by financial rewards and is known for pushing for more, even at the expense of intense personality clashes with former employers.

Questions:

1. What motivates Yogesh, Pawan, and Kapil, according to motivation theories?
2. Who perceives money as a direct reward for performance?
3. How does equity theory apply to Yogesh, Pawan, and Kapil's motivation levels?

20. "Work is Worship," a prominent construction company, attributes its success to innovative ideas and a scientific approach to work. Ten years ago, the company underwent a significant transformation. They meticulously observed all operations, noting standard task times to determine workforce requirements and manufacturing schedules. After a few months, they progressed to address worker stress, analyzing rest intervals to optimize productivity. Six months later, the company introduced a reward system for efficient workers, offering higher wages for those exceeding performance standards. This incentivized workers to maximize efforts to boost their earnings.

Questions:

1. What management concept is exemplified in the case study?
2. Identify and explain the three types of this management concept mentioned in the case.
3. Explain the significance of this theory.

1. Global Tech Inc., a multinational technology company, is preparing to expand its operations into several new international markets. The company currently prepares its financial statements using U.S. Generally Accepted Accounting Principles (GAAP). However, as part of its expansion strategy, Global Tech plans to list its shares on several stock exchanges across Europe and Asia, where the adoption of International Financial Reporting Standards (IFRS) is mandatory.

The company's CFO is concerned about the implications of this transition from GAAP to IFRS, particularly in areas such as revenue recognition, lease accounting, and the treatment of financial instruments. The CFO has asked for a comprehensive analysis of the key differences between IFRS and GAAP that will impact the company's financial reporting.

Given the scenario above, analyze the key differences between IFRS and GAAP. Discuss how these differences could affect Global Tech Inc.'s financial statements. Additionally, consider the broader implications of these changes for stakeholders, such as investors and regulators, in the new international markets.

- 19.** Four brands of flashlight batteries are to be compared by testing each brand in five flashlights. Twenty flashlights are randomly

selected and divided randomly into four groups of five flashlights each. Then each group of flashlights uses a different brand of battery. The lifetimes of the batteries, to the nearest hour, are as follows.

| Brand A | Brand B | Brand C | Brand D |
|---------|---------|---------|---------|
| 42 | 28 | 24 | 20 |
| 30 | 36 | 36 | 32 |
| 39 | 31 | 28 | 38 |
| 28 | 32 | 28 | 28 |
| 29 | 27 | 33 | 25 |

Preliminary data analyses indicate that the independent samples come from normal populations with equal standard deviations. At the 5% significance level, does there appear to be a difference in mean lifetime among the four brands of batteries?

20. Calculate and interpret the correlation coefficient of the two variables below.

| Person | Hand | Height |
|--------|------|--------|
| A | 17 | 150 |
| B | 15 | 154 |
| C | 19 | 169 |
| D | 17 | 172 |
